2017 SPRING ALUMNI WEEKEND APRIL 21 & 22, MORGANTOWN, WEST VIRGINIA

ALUMNI SPOTLIGHT - DAVID GOLDBERG, AP 316

For this month's alumni spotlight, David Goldberg was gracious to do a Q&A with us and just in time for Spring Alumni Weekend. Another 90's Brother, David was initiated into Alpha Rho in September of 1991 and held leadership positions of Vice Archon and Archon. He graduated with a BA in Political Science.

David is the Executive Vice President of Allegheny Health Network in Pittsburgh, PA, following three and half years in San Antonio as CEO of Baptist Medical Center, Northeast Baptist Hospital and Service Line Executive for Behavioral Health and Cardiovascular Service Lines and 10 years in healthcare operations at Inova Health System in Northern Virginia.

He is married to his college sweetheart Noel (Kappa Delta, Class of BA Psychology 1993 and MS Community Health Education 1995) and the father of two daughters, Reagan (16) and Ryan (13). While he loves WVU sports, travel and GOLF, David mentioned, "*family time traveling and being together is rare and so important!*"

We asked David, what did you learn from Pi Kappa Phi that has helped in your career? He provided, "*Friendship, character, networking and giving of self, have helped me find opportunities. My first job out of college, Senate Sergeant of Arms office, was made possible through a Pi Kapp and family connection. As much as skill drives opportunity, the network of friends, family and fraternity has, and always will, be vital to succeed.*"

We also asked David about his best memories as a Student Member and what's it mean to be a Pi Kapp today. He wrote, "*WVU and Pi Kapp made the college experience! Some of my closest friends are from the fraternity. I remember trips for spring break, overseas, times*

(see DAVID GOLDBERG on page 2)

Proud to Be a Pi Kapp!

Thanks to those who are able to join us this weekend and for all the alumni who continue to support Alpha Rho and the Alumni Chapter!

DAVID GOLDBERG (continued from page 1)

in Northern Virginia after graduation and building families with children all with ties to Pi Kappa Phi brothers. Cannot imagine life with the linkage to my brothers and friends!" On the meaning of being a Pi Kapp now, David added "*Brotherhood is the base for so much success and support. You can go years without talking to a brother and see one, phone one, email one and it is like no time has passed. We are a support system that never weakens.*"

David is an Archon's Council Level Contributor to the Alumni Chapter and when asked why it's important to be a part of this, he said "*Ensuring the foundation for brotherhood into the future is so important. We are part of a longstanding tradition of men helping and supporting men. I cannot imagine not having Pi Kappa Phi at WVU or having such deep founded friendship through fraternity not being in place for others to participate in!*"

As the 40th Anniversary of the Re-chartering and reorganization of the Student Chapter approaches, here's what he had to say about its meaning to him and what he wants our Chapter to look like in the future? "*The alumnae of Pi Kappa Phi are important for the future and stability for now. While it is not up to the alumnae to be the only stakeholders, we are part of the cycle of brotherhood and if able, be the ones to help ensure there is a future for new brothers to join our fraternity. I cannot wait to see what 50, 60 and 75th year anniversaries look like.*"

David continues to be a great Brother and friend. We thank David for his time and support of the Alpha Rho Alumni Chapter.
